

Frankie J, Number 1 Fan

There's this girl I saw
She's about five-foot-six...no doubt she's sexy...yeah
She just stepped up in the club
Right across the way from me
Shorty got me checking for her

I don't know a thing about this girl...this girl
But I know she's something serious...yeah...huh
Don't wanna push up on her too fast
But I gotta have her yeah...yo
And then I said

Can I get your number please
Would you spend time with me
Girl I saw you when you caught my eye
And I really wanna know ya
Saw you when you first stepped in
And then I knew right there and then
Baby it's the way you make me feel
I'm your #1 fan

Now I done seen a lot of things
But I never seen a girl so perfect for me
So it's time for me to do the do
Tell her what she does to me
Feeling so much pressure
But I gotta make my move oh...

I don't know a thing about this girl...this girl
But I know she's something serious...yeah...huh
Don't wanna push up on her too fast
But I gotta have her yeah...yo
So I had to say

Can I get your number please
Would you spend time with me
Girl I saw you when you caught my eye
And I really wanna know ya
Saw you when you first stepped in
And then I knew right there and then
Baby it's the way you make me feel
I'm your #1 fan

She's like my favorite thing
Nothing I've ever seen
She's like them girls in the magazines
If she'd take a chance with me
I'd give her everything yeah
I'm telling you that she is the one, for me
Whooh

Can I get your number please
Would you spend time with me
Girl I saw you when you caught my eye
And I really wanna know ya
Saw you when you first stepped in
And then I knew right there and then
Baby it's the way you make me feel
I'm your #1 fan
