

# Frankie Rose, Feel Light

Anyway, I can't say it's all fine  
All the time  
Anyway, it's a lie, but we try living lives  
Not a lie

And it makes me feel light (I won't say it's okay after time)  
And exactly where you are (I won't say it's okay after time)  
And it makes me feel light (I won't say it's okay after time)
