

Frankie Rose, Feel Light

Anyway, I can't say it's all fine
All the time
Anyway, it's a lie, but we try living lives
Not a lie

And it makes me feel light (I won't say it's okay after time)
And exactly where you are (I won't say it's okay after time)
And it makes me feel light (I won't say it's okay after time)
