

Fred Astaire, Let's Begin

(from "Roberta")

Now that you got me going,
Whatcha gonna do?
Is it up to me, or is it up to you?
What kind of game is this we've begun?
Was it done, just for fun?

Don't forget, since we've met,
There's no reason for vain regret,
Oh, is this to be a case of ??? that I felt,
Kiss and never tell?
Folly and farewell?

Which is it going to be, might have been,
Lose or win, Let's begin!
I'm here to tell you,
Let's begin!

Now that you got me going,
Whatcha gonna do?
Is it up to me, or is it up to you?

What kind of game is this we've begun?
Was it done, just for fun?

Realize that I'm wise
And please stop rolling those big blue eyes

Is this to be a case of ???
Kiss and never tell?
Folly and farewell?

Which is it going to be, might have been,
Let's begin, let's begin!
