

# Fred Hammond, Give Me A Clean Heart

[Verse 1]

Give me a clean heart  
To see You like I should, hey  
To walk the path that's right  
To do the thing You would  
Give me a clean heart and I will serve nobody, but You

[Verse 2]

Give me a clean heart  
To lose the double mind  
To believe You when You tell me  
Everything will be just fine  
Just lay Your hands on me Lord  
And I will be brand new

[Chorus A]

And I am calling out to You for a strength exchange  
I will gladly take Your joy for my weakness  
Give me a clean heart and I will serve nobody, but You  
(Give me a clean heart and I will serve nobody but You)  
{Hey, yeah let the band play for two now, come on now}

[Verse 3]

Give me a clean heart  
A better one I pray  
To stay on the path You've chosen  
And stick with it all the way  
Give me a clean heart and I will serve nobody, but You

[Verse 4]

Give me a clean heart  
I'm coming now to You  
To keep my heart from fainting  
This is all I know to do  
Just lay Your hands on me Lord  
And I will be brand new

[Chorus B]

And I am worshiping Your great and holy name  
I'm determined to have life with no chains  
Give me a clean heart and I will serve nobody but You  
(Give me a clean heart and I will serve nobody but You)  
{Noel won't you play now, won't you play now, now, now}
