

Fred Hammond, It Just Gets Sweeter

[Verse 1]

Oh, Lord when I think of You
So faithful, loving and true
Not another love comes even close
I wanna share You with all of the world
With a name I really love to call
For no real reason at all
Just the mention brings the victory
Gets all in my hands and all in my feet

[Chorus]

Everyday it just gets sweeter
And I love You more
How could I make it, I couldn't take it
I holding on and won't let go

[Verse 2]

Now this feeling I can't describe
For the healing You brought in my life, yeah
You're still the mender of broken hearts
Hearing the cry of the one in the dark
To the one that wants to know the truth, ooh yeah
Here's what I wanna say to you
Try Him for yourself and you will see
Why I say everyday just gets sweet

[Repeat Chorus 2x's]

[Dance]

Take two steps to the back
And two steps to the front
Now to the left
And to the right
Get your praise on

[Repeat Dance 1x]

[Vamp]

Better
Sweeter
Mention of Your name
Joy replaces pain
And with my whole heart I'll love You always
Better
Each day with You is much sweeter
Mention of Your name
Joy replaces pain
And with my whole heart I'll love You always

[Repeat Vamp-Out]
