

Fred Hammond, Lord we need your love

Verse 1

She thought all she needed could be found in man
Building all her hopes and dreams on temporary things
She's laughing on the outside but she's crying on the inside she's
hangin' in there on a wing and a prayer and i can hear her say..

We need it right now, right now/ Lord we need Your love/ Every mornin'
every evenin'/ In and out of every season/ Right now, right now

Verse 2(Marvin L. Winans)

Oh he thought he didn't need nobody/ he said he couldn't trust nobody
he tried to be a strong man but he was hurtin from a broken heart
All the money in the world/ could never buy him peace of mind
he's running on empty and he feels like he's runnin' out of time

Verse 3 (Brian McKnight)

Don't take love for granted/ you gotta embrace it right away
what you have some don't find, ever/ in the bottom line
so think it over you gotta/ square your shoulders and / before it's all done
you'll look around/ and i'm bound to hear you say
