

Fred Hammond, Shout Unto God

The children of Israel versus Jericho
God promised them the city
They marched around the walls, hey
On the seventh time around
They let the trumpet
And Joshua stood and said
C'mon everybody shout

(Chorus)
Shout unto God, with the voice of triumph
Let's sing and rejoice, for His name is great
C'mon let's celebrate, say

You've been making progress
But now you hit a well, yes sir
Don't forget, hey
That He is in your corner, yes He is
And before one single round
Know that the winner you've been found
And when you hear these words
Let's get ready to rumble
Stand and shout, yeah

(Repeat Chorus)

(Bridge)
When you face your foe
Like the walls of Jericho
You just need to know
He has given us the victory
There is no need to worry
'Cause He is our salvation

(Vamp)
Shout, sing and rejoice
Celebrate Him, celebrate
Lift your voice and sing
He is the mighty King
He's Lord of everything, He is God eternal
(Repeat)
