

Freddie Hart, I'd Like To Sleep Till I Get Over You

I'd like to sleep till I get over you

Lord I'd like to sleep away a few tomorrows
Then maybe I'll wake up not loving you
I hurt all over me each waking morn
I'd like to sleep till I get over you

I've tried everything from new loves to whiskey
But other loves can't take the place on you
And the whiskey only helps till I'm sober
I'd like to sleep till I get over you

But I know I have to sleep until forever
Sweetheart I'll be forever loving you
And it's only time that I don't have to miss you
I'd like to sleep till I get over you
