

# Freddie Hart, Look-A-Here

Look-a-here just look-a-here what I'm holding in my arms  
Love I've thought I lost I found her now she's back where she belongs  
Look-a-here just look-a-here we go so good together  
Love is better now than ever look-a-here just look-a-here

Who's ever thought it was whatever the reason was  
That made us break apart  
Gives me a good excuse how I can put to use  
All the love that I feel in my heart

Look-a-here just look-a-here it's just too good to be true  
Miracles happen yes they do look-a-here just look-a-here
