Freddie Mercury, Mr. Bad Guy

(Freddie Mercury)

Let's go chasing rainbows in the sky It's my invitation Let's all take a trip on my ecstasy

I'm Mr bad guy, yes I'm everybody's Mr bad guy Can't you see I'm Mr Mercury Oh, spread your wings and fly away with me

Your big daddy's got no place to stay Bad communication I feel like the President of the USA

Mr bad guy, yes I'm everybody's Mr bad guy Can't you see I'm Mr Mercury Oh, spread your wings and fly away with me

I'm Mr bad guy, they're all afraid of me I can ruin people's lives Mr bad guy, they're all afraid of me It's the only way to be That's my destiny Mr bad guy, Mr bad guy, bad guy

It's the only way for me It's my destiny, oh yeah

Mr bad guy, yes I'm everybody's Mr bad guy Can't you see this is my destiny Oh, spread your wings and fly away with me
