

# Fredrik Kempe, Finally

I will hold my head up high  
I will try to feel the way you're feeling  
I want to open up my heart

I will take your hand  
And maybe then I'll understand  
I know I do  
But it's too late for you

Finally I know what true love means to me  
It's breaking up my heart to see  
That somehow you are leaving me  
The love I try to hide  
Is burning from inside  
I know I do ye finally with you

It's been hard to realize  
How eternal love can fade so quickly  
I made a promise to myself

I love the way you smile  
That I can call you butterfly  
You made me see love was not for me

Finally I know what true love means to me  
It's breaking up my heart to see  
That somehow you are leaving me  
The love I try to hide  
Is burning from inside  
I know I do ye finally with you

I didn't know my heart was lying  
Cause I know  
I wanted you so bad  
I didn't think that this could happen  
Now I know

Finally I know what true love means to me  
It's breaking up my heart to see  
That somehow you are leaving me  
The love I try to hide  
Is burning from inside  
I know I do ye finally with you

I know I do ye finally  
I know I do ye finally with you
