

Fredrik Kempe, Why Do You Lie When You Say That You Love Me

Yesterday I asked my baby what it's all about
Do you really want me here tonight?
Yes and no but this and that, was all I heard you say
Seems like you have someone else then me

And I tell you
Call it paranoia baby
I don't care no more
I won't come again through your damn door

I wonder why do you lie when you say that you love me
Why do you smile when you close your eyes
Why try to hide that it's ever gonna be
Anything more than just him or me

I decided then and there I'd rather be alone
I can't love a heart that's made of stone, I can't do that
You don't seem to have a conscience when you're hurting me
And I thought you were my destiny

I wonder why do you lie when you say that you love me
Why do you smile when you close your eyes
Why try to hide that it's ever gonna be
Anything more than just him or me

I see it in your eyes
I know you're lying
You just won't fight for your affair

Call it paranoia baby
I don't care no more
I won't come again through your damn door

I wonder why do you lie when you say that you love me
Why do you smile when you close your eyes
Why try to hide that it's ever gonna be
Anything more than just him or me
