

# Fredrik Thordendal's Special Defects, Sensorium

...dibbacakkhu-pannacakkhu-samanta-cakkhu-buddhacakkhu-dhamma-cakkhu  
(transl. pali. 'the most excellent divine eye. eye of knowledge. all-seeing eye. budding eye. dhamma

god's eye point of view. neither to be born nor to perish. negation of substance. impermanence of being. everlasting becoming. unconditional mind. expressing absolute revelation of truth. manifested beyond the trans-substantial &&i&&. all being and nonebeing. neither mind nor buddha. in an all-embracing immanent end-in-itself. paradoxes are unveiled. contradictions collapses. where boundaries failed. plunging into the vortex of darkness divine. entering the void where all things intertwine. this is the existence of the non-existence of duality expressing the radiance of ultimate reality.
