

# Freedom Call, Beyond Eternity

In a Land and a time where angels fly  
In a Land of our destiny  
Where the rainbow leads through heaven's eyes  
You are Beyond Eternity

In a Land and a time where angels fly  
In a Land of our destiny  
Where the rainbow leads through heaven's eyes  
You are Beyond Eternity

Every road leads up to Eden  
'cause we are wanderers of the light  
We are marching and we'll never stop  
Never turn back, stand and fight

Hear the piper of the seven seas  
He is playing on the shore  
You can hear his echoes everywhere  
High above the endless hills

Sing ho, sing hey. On this glorious day  
Sing ho, sing hey. For a Glory day

In a Land and a time where angels fly  
In a Land of our destiny  
Where the rainbow leads through heaven's eyes  
You are Beyond Eternity

On the stairway to Eternity  
The step to the promised land  
You have to climb up high eternally  
Come on, join us 'til the end

Sing ho, sing hey. On this glorious day  
Sing ho, sing hey. For a Glory day

In a Land and a time where angels fly  
In a Land of our destiny  
Where the rainbow leads through heaven's eyes  
You are Beyond Eternity  
In a Land and a time where angels fly  
In a Land of our destiny  
Where the rainbow leads through heaven's eyes  
You are Beyond Eternity

You are Beyond Eternity  
Where the rainbow leads through heaven's eyes  
You are Beyond Eternity

In a Land and a time where angels fly

You are Beyond Eternity

You are Beyond Eternity  
Where the rainbow leads through heaven's eyes  
You are Beyond Eternity
