

# Freedom Call, Rise Up

Who wants to live forever  
Here in a world of shame  
Living under pressure  
Hearts are filled with pain

It's time  
Time to break free  
Time for a journey through dimensions  
A neverending ride  
Rays of hope from somewhere  
Come from deep inside

Over and over I'm lost in bad dreams  
And into the void I stare

Rise up to heaven, where eden lies  
A lost asylum, somewhere beyond  
Rise up forever, out of the dark  
Pain and sorrow, left in the past

I'll carry on to save my life  
I'll ride on the wings of storm  
I'm still alive, free inside  
My heart and soul reborn

Over and over I'm counting my tears  
I'm alone with all my fears

Chorus/Solo

Over and over I'm lost in bad dreams  
And I'm counting all my tears

Chorus
