

# Freedom Call, Spirit Of Daedalus

On the isle of the king  
Built a maze for the beast  
Once to serve, but fallen in disgrace

Across the boundaries  
Driven by the will to flee  
Summon the gods to lead the final way

Once in a paradise, of heroes, kings and hope  
The fate was sealed as the betrayal had been done

Wings in the sky flying so high  
Beyond the world  
We are brave to the bone  
Riding the storm  
Reunion in freedom  
Stay among the sun I yell  
His feather robe in flames... he fell too young  
But it awaits  
The afterlife

From the highest cliff we fall  
Obey your inner call  
The moment's right to face your destiny

The power of the wind  
Will carry us away  
Its time to leave the coastline far behind

Once in a paradise, of tales and ancient lords  
Brave men re-challenge fate and legends come to life

Wings in the sky flying so high  
Beyond the world  
We are brave to the bone  
Riding the storm  
Reunion in freedom  
Stay among the sun I yell  
His feather robe in flames... he fell too young  
But it awaits  
The afterlife

Wings in the sky flying so high  
Beyond the world  
We are brave to the bone  
Riding the storm  
Reunion in freedom  
Stay among the sun I yell  
His feather robe in flames... he fell too young  
But it awaits...
