

# Freedom Call, We Are One

We search a golden land  
So far away from home  
We ride until the end  
Into the eye of the storm

Glory forever, eternity endeavour  
Shades of darkness, for all the fallen heroes

Fly over seven seas  
Go where rainbows rise  
Our destination anywhere  
Find eternal life

Glory forever, eternity endeavour  
Sons of heaven, guardians of our life

We are one, until the end of time  
On the run we ride  
The glorious unite

Silence in the Valleys fall  
Where all the spirits call  
Save our lifes, give it all  
and light up all our souls

Glory forever, eternity endeavour  
Signs of heaven, symphony of light

Run - and never die  
Gone - no wonder why  
Take our souls far away

Time - is passing by  
Blind - forever night  
We will rise again
