

Freiheit, Dirty Book

You've got one special kind of attraction
You've got a body like a movie star
And you're spending your time in the back of your daddy's car

You throw sex all around like it's water
And every time I end up getting wet
And I try to escape but I just haven't made it yet

A dirty book
That's how you look
You got me going, I'm on your hook
A dirty book
With no excuse
You turn me every way but loose

I had a sweet little lady who loved me
You gotta know I was in love with her, too
But you called her that night just to tell her I was with you

A dirty book
That's how you look
You got me going, I'm on your hook
A dirty book
With no excuse
You turn me every way but loose

A dirty book (tps uz tmmok rhI)
A dirty book (tps uz tmmok rhI)
And I try to escape but I just haven't made it yet

A dirty book
A dirty book
That's how you look
You got me going, I'm on your hook
A dirty book
With no excuse
You turn me every way but loose

A dirty book
That's how you look
You got me going, I'm on your hook
A dirty book
With no excuse
You turn me every way but loose
