

Freiheit, Hide Away

So hold me near, forget those lies
If you feel blue just close you eyes
The only truth is here and now
I'll make it clear to you somehow

(Living only for today
Hiding from a world of gray
Why don't you hide away
Living only for today
Why don't you hide away
Living only for today
Hiding from a world of gray)

Why don't you hide away
(Why don't you hide away)
Hide away
Hide away with me
(Living only for today)
Hide away
(Why don't you hide away)
Hide away
Just hide away with me
(Living only for today
Hiding from a world of gray)

Why don't you hide away
(Why don't you hide away)
Hide away
Hide away with me
(Living only for today)
Hide away
(Why don't you hide away)
Hide away
Just hide away with me
(Living only for today
Hiding from a world of gray)

Why don't you hide away
(Why don't you hide away)
Hide away
Hide away with me
(Living only for today)
Hide away
(Why don't you hide away)
Hide away
Just hide away with me
(Living only for today
Hiding from a world of gray)
