

Freiheit, Oh Baby

Oh baby
You're moving like a star
When God creates an angel
Then that's the way you are
Ooh
Oh baby
Oh, what am I to do
You set my heart on fire
I'm so in love with you

If I could hold you close to me
I'd whisper in your ear
A secret that I'm keeping
Only meant for you to hear

Oh baby believe me
Now is the right time
Moonlight is silver
Love has a gold shine

Oh baby
Don't let me wait in vain
My self control is slipping
You're driving me insane
Ooh
Oh baby
I'm waiting for a chance
Your magic makes me crazy
It's more than just romance

If I could hold you close to me
I'd whisper in your ear
A secret that I'm keeping
Only meant for you to hear

Oh baby believe me
Now is the right time
Moonlight is silver
Love has a gold shine
