

Freiheit, The Land Of Fantasy

Growing up in everyday life
Looking for some peace in the daily strife
And you're holding on, you're holding on
Coping well and building on rock
Dealing with the pressures of future shock
And you're holding on, you're holding on

Hear the voice so far away
Calling you gently back again
Something wonderful now and then
Starting today

We're after the rainbow
We will be heroes in the land of fantasy
We're after the rainbow
We will be heroes in the land of fantasy

Running smooth and faster than light
Really wanna get to the front of light
And you're holding on, you're holding on
Straight ahead and burning the gas
Hoping you can get through the looking glass
And you're holding on, you're holding on

Hear the voice so far away
Calling you gently back again
Something wonderful now and then
Starting today

We're after the rainbow
We will be heroes in the land of fantasy
We're after the rainbow
We will be heroes in the land of fantasy
We're after the rainbow
We will be heroes in the land of fantasy
We're after the rainbow
We will be heroes in the land of fantasy
We're after the rainbow
We will be heroes in the land of fantasy
We're after the rainbow
We will be heroes in the land of fantasy
(Im Land der Fantasie, Fantasie, Fantasie, ...)
We're after the rainbow
We will be heroes in the land of fantasy
(Im Land der Fantasie, Fantasie, Fantasie, ...)
We're after the rainbow
We will be heroes in the land of fantasy
(Im Land der Fantasie, Fantasie, Fantasie, ...)
We're after the rainbow
We will be heroes in the land of fantasy
We're after the rainbow
We will be heroes in the land of fantasy
