

# Frenzal Rhomb, Punch In The Face

Middle class white boys trying hard to annoy  
All we really needed is a ticket to ride  
Fighting with no-one at all that's ok  
We've got no balls  
Someone needs to sort us out  
And make benny cry

All we need is a punch in the face

Lary Emdur is OK compared to us  
He makes the grade  
Self-depreciation is important for some  
We deserve a beating can someone teach a lesson  
All that they'd be doing is just having some fun

All we need is a punch in the face

And they go bam ba ba bam etc...
