

Fresh Body Shop, Drive Me

I'm still in my room
I know that I should be glad to live
You do it, and life is just a game
Can you show me one time
How to be you again?

Drive me, drive me away
Drive me, drive me away
Drive me, drive me away
Drive me, drive me away

I'm still in my bed
I just broke my tv yesterday
Thinking of these pills I used to take
Can you tell me one more time
How to let me go?

Drive me, drive me away
Drive me, drive me away
Drive me, drive me away
Drive me, drive me away

Drive me, drive me away
Drive me, drive me away
Drive me, drive me away
Drive me, drive me away
