Fool For You

Music: Freya / Rune Westberg

Lyrics: Freya

It's not just that I need  
some decent company  
It's not that I am lazy or easy to please  
It's not just about me wanting to see  
My airbrushed reflection in your eyes

I still want you if ever I did  
I still want you

I'm still a fool for you  
And you still got me wrapped  
around your little finger  
You still know just what to do  
To make me absolutely and  
desperately want you

It's not just that I don't wanna be alone  
It's not about not wanting  
to waste those years that's gone  
It's not that I'm afraid that  
I'll be way too bored  
It's not that I can't entertain  
myself anymore

I still want you if ever I did  
I still want you

I'm still a fool for you  
(And) you still got me wrapped around your little finger  
And you still know just what to do  
To make me absolutely  
and desperately want you

Your face is branded in my memory  
You are always here  
Yeah you are  
And your name is tattooed in my mind  
You shape and paint my every move  
Yeah you do

I'm still a fool for you  
(And) you still got me wrapped  
around your little finger  
You still know just what to do  
To make me absolutely  
and desperately want you
