

# Friday, Stand By Me

I know I ain't perfect but you know I'm still gon' try  
No matter what they throw my way know I'm still gone fight  
Even when it all when left still did you right  
I know that you in the wrong but I'm still gone ride for you  
How you leave me deep in the dark when I gave you light  
Let you put the blame on me threw away my pride  
It could be a million miles but I'm still gone slide for you  
You already know I need you by my side

Won't you stand  
Won't you stand by me  
I just need a little more time  
I just need a little more time with you  
Promise that you'll  
Stand by me

Won't you stand  
Won't you stand by me  
I just need a little more time  
I just need a little more time with you  
Promise that you'll  
Stand by me

Did a lot of things I ain't want to  
I done went and lost my soul  
I was losing sight couldn't see through  
Walking 'round with both eyes closed  
If I say I'm standing for you  
You know that I'm 'a standing ten toes  
Even when they told me not to  
I kept my brothers close  
You already know I'm the type to push when we get broke down  
Now every time I look for you it's like you're not around  
Still I don't see no loss  
I did everything from the heart  
If you lean on me I promise that you won't fall

Won't you stand  
Won't you stand by me  
I just need a little more time  
I just need a little more time with you  
Promise that you'll  
Stand by me

Won't you stand  
Won't you stand by me  
I just need a little more time  
I just need a little more time with you  
Promise that you'll  
Stand by me
