

Frou Frou, Only Got One

If this is a question
Is maybe a lie?
If yes doesn't mean it
Does when lessen why

You are held in a queue
Someone will be with you shortly
Say I'm wrong
You decide
I don't believe the words you sing sometimes

But then it's your life
mmm, it's your life
But then it's your life
mmm, it's your life

But, you've only got one
You've only got one
But, you've only got one

If I just to spite you
placate your disgrace
Will song turn to silence
will mask wear your face

Are you down to be open
Show me yours and I'll show you mine
Or are you down just to be down?
I don't believe the words you sing sometimes

But then it's your life
mmm, it's your life
But then it's your life
mmm, it's your life

But, you only got one

You've only got...one...

You started it...
