

# Fu Manchu, Neptune's Convoy

Knock-down loaded  
Asphalt rollin'  
Can you do me one better  
With a magnified header

I feel nothin'-I feel it all the time  
I feel nothin'-doin' just fine

Ya knew all along  
Pushed out of that arm  
One-hundred and fifty  
Will do you no wrong

I feel nothin'-I feel it all the time  
I feel nothin'-doin' just fine

For the longest time  
Been ridin' so slow  
Gear grindin' I didn't know

Lend me and you are ( I always thought it was "You led me to war! I can see a so far)  
I can see so far
