

# Fuel, Hemorrhage

Memories are just where you laid them  
Drag the waters 'till the depths give up their dead  
What did you expect to find?  
Was there something you left behind?  
Don't you remember anything I said when I said

Don't fall away, and leave me to myself  
Don't fall away and leave love bleeding  
In my hands, in my hands again  
Leave love bleeding  
In my hands, in my hands  
Love lies bleeding

Oh hold me now I feel contagious  
Am I the only place that you've left to go  
She cries her life is like  
Some movie black and white  
Dead actors faking lines  
Over and over and over again she cries

Don't fall away, and leave me to myself  
Don't fall away, and leave love bleeding  
In my hands, in my hands again  
Leave love bleeding  
In my hands, in my hands  
Love lies bleeding

And I wanted  
You turned away  
You don't remember, but I do  
You never even tried

Don't fall away and leave me to myself  
Don't fall away and leave love bleeding  
In my hands, in my hands again  
Leave love bleeding  
In my hands, in my hands  
Love lies bleeding
