

# Fugazi, Pink Frosty

Animosities and apologies  
Back and forth we  
Struggle, falter, refrain

With glue and string  
And deciphering we try,  
Try, try to stay together  
Despite the pain

It's not our first time  
Through nor our waterloo  
Back and forth from situation  
We move to episode

But if we can find  
Some piece of mind  
Intertwined the delivery  
Is worth the load
