

Fugazi, The Argument

when they start falling, executions will commence
sides will not matter now, matter makes no sense
how did a difference become a disease?
i'm sure you have reason, rational defence
weapons and motives, bloody fingerprints
but i can't help thinking it's still all disease

here comes the argument
here comes the argument
here comes the argument
folderol

it's all about strikes now, so here's what striking me
that some punk could argue some moral abc's
while people are catching what bombers release
well i'm on a mission to never agree

here comes the argument
here comes the argument
here comes the argument
here it comes
