

# Full Devil Jacket, Love Song

You, I want to love you  
And you, I would break  
True, I can only hold you  
And you, I'd never take

Thought you were my friend  
Now it's over  
I cannot pretend  
I feel below her

You, I want to love you  
And you, I would break  
True, I can only hold you  
And you, I'd never take

Nails into my back  
Worms within me  
There's no turning back  
She's within me

I only wanted love  
Felt so cold

I wanted, I wanted, I wanted, I wanted love  
I'll never, I'll never, I'll never  
Cuz I don't need that  
Don't want love  
Never needed it  
Well you took my life  
And you took my soul  
And you threw it all away

You, I want to love you  
And you, I would break  
True, I can only hold you  
And you, I'd never take

I only wanted love  
I only need someone to hold  
You were there for me  
Never cut you out  
And put you under me
