

# Fun Lovin' Criminals, Sugar

Back in '78, I was a kid, I didn't know shit and I never did  
When the summer got hot, we praid for rain  
But since the lights went out I've never been the same  
But when we got older I caught the gust  
Livin' in the park with the rest of the nuts  
But now I waver, I feel it heavy on my mind  
A life-saver that's been there all the time

Chorus:

And she don't lie, she don't lie but I do  
She don't know, she don't know but I do  
And I play heavy on my mind

The booker got blessed on her date of birth  
from green point ave across to Benson Hurst  
She keeps my family together, keeps my foes at bay  
When she's chillin' off the leash you better stay away  
I remember you and I, we used to chill on a stoop  
maxing and ... without any loot  
Now you got it going strong but i feel long in the tooth girl  
Now you got it going strong but i feel long in the tooth  
And I don't know what to feel anymore  
But I'm trying, I'm trying to tell her  
And I don't know what to think anymore  
But I think, I think I ought to build myself ...  
Chorus (3x)
