

Fun Lovin' Criminals, The Biz

That's right this is my game!

I got my love and it's all right
Sugar is sweet but sometime she bite
Pucker up baby and make it tight
Livin my life keep me up all night
Shake that ass until it's sore
???
It's the 2 minute warning but fuck the score
Give me 1,2,3,4

(chorus)
Music in the street
That is what we are
No one plays for free
And everyones a star
Sign the dotted line
And we should have lunch sometime
And we can lie to each other
Motherfucker

Sign the deal and we make it nice
???? suits and ????
You can live your dreams at twice the price
We're the house but you can roll the dice
Back in the day people lived in fear
They bought no records so they could not hear
This shit that I'm pushin up in your ear
So come on man be with your peers.

(chorus)
Music in the street
That is what we are
No one plays for free
And everyones a star
Sign the dotted line
And we should have lunch sometime
And we can lie to each other
Motherfucker
