

# Fun Lovin' Criminals, Underground

For me it's hard to say  
(hard to say, hard to say)  
And this might not be the way  
And if you want to stay  
My ghetto prince is smiling underground  
And it makes me feel good to know you died  
(died, died)

And this may not be the time  
(time)  
See I drank two things of wine  
But I think that you will find  
(find, find)  
And my ghetto prince is smiling underground  
My ghetto prince is smiling underground

Ain't got no guarantee  
And I know it's hard to see  
But there's a little more to me  
(a little more to me)  
And my ghetto prince is smiling from underground  
Yeah my ghetto prince is smiling underground

But only for a while  
(a while)  
I still think I need your smile  
(smile)  
All the while  
(while)  
And my ghetto prince is smiling underground  
Yeah my ghetto prince is smiling underground

Now this may not be the time  
(time, time)  
Cause I drank two things of wine  
But I think that you will find  
(find)
