

Funeral Dress, Animal

Safety pins through my nose
Smelly combats around my toes
A leather jacket and a filthy shirt
A blasting fart, a greasy blur

I piss on you just for fun
I eat the shit from everyone
I'm a radioactive child
I get fucking pissed and I go wild

I'm an animal - so let me be
I'm an animal - filthy and free
I'm an animal - let me be, let me be
I'm an animal - filthy, wild and free

I piss on you just for fun
I eat the shit from everyone
I'm a radioactive child
I get fucking pissed and I go wild

You wanna put us in a cell
Give us a life of fucking hell
We're sick and tired of all your lies
You're the one who we despise

I'm an animal - so let me be
I'm an animal - filthy and free
I'm an animal - let me be, let me be
I'm an animal - filthy, wild and free

Safety pins through my nose
Smelly combats around my toes
A leather jacket and a filthy shirt
A blasting fart, a greasy blur

I'm an animal - so let me be
I'm an animal - filthy and free
I'm an animal - let me be, let me be
I'm an animal - filthy, wild and free
