

Funeral Dress, Beer And Women

Wrap it up, strap it in.
I'm in for a little sin
Rollin' on, I'm glad,
entering a town gone bad
Well you know - you know
What I want - I want
Some liquor and easy meat
Well I know - I know
What you've got - you've got
And I'll pay for what I need, oh yeah!

(Ref:)
every morning I awake:
Hammer in the head
Hammer in the head
every morning I awake:
Hammer in the head oh yeah!

Beer and women, it looks so fine
I wish it could be all mine

Stumblin, out the door,
I've had my sins and more...
A sucker, just a perv...
I only get the love you serve
Well you know - you know
What I want - I want
Some liquor and easy meat
Well I know - I know
What you've got - you've got
And I'll pay for what I need, oh yeah!
