

# Funeris Nocturnum, Damnation of I.N.R.I.

Genocide, satanize.  
Now it's time, to set the demons free from the depths of hell.  
Wake up to praise the name of our lord,  
and his filthy whore.

INRI, your followers we will burn!

This ruin cannot be prevent, the end of the light,  
the eternal night.

Rape the angels of light for the last time.  
The end is so near,  
the death is here.

The death is here!
