

# Funkadelic, I Got A Thing, You Got A Thing, Ever

I got a thang  
you got a thang  
everybody's got a thang  
When we get together  
doin' our thing  
In order to help each other  
In order to help your brother

I got a thang  
you got a thang  
everybody's got a thang  
When we get together  
doin' our thing  
In order to help each other  
In order to help your brother

You don't drink what I drink  
You don't smoke what I smoke  
You don't think like I think  
You don't joke like I joke

I got a thang  
you got a thang  
everybody's got a thang  
When we get together  
doin' our thing  
In order to help each other  
In order to help your brother
