

# Funkadelic, Trash-A-Go-Go

Your honor  
I didn't do it  
I didn't pimp her just for money  
What's wrong with making her call me daddy?

Your honor  
I didn't do it  
Oh your honor  
She didn't like it  
I don't care what she said  
I didn't make her sell head  
Your honor  
I didn't do it

The judge and jury just frowned at me  
They said, "For exploiting your lady,  
Just for a payday,  
Is a sin, and you will pay."

When getting over is high above your head  
And gettin' high can get you dead  
What are you supposed to do?

I didn't pimp her to support my high  
Pick up my car and keep me flyin'  
No your honor!  
I did not do it  
The judge and jury still frowned (Your honor)  
And said, ah, "Ten to twenty."  
Your honor  
still did not do it  
Your honor
