

Fury Of Five, Takin' Respect

For years been pushed aside
Shut out by foolish pride
No more will this take place
Fury won't be disgraced
For years been pushed aside
Shut out by foolish pride
Jersey won't be disgraced!
They don't want to show us
They don't want to give us
They don't even like us
But now they have no choice

We're takin' respect, takin' respect
It's not where ya from it's where ya at 3x

All we want is whats deserved
All we want is what we've earned 2x

Is that too much to ask for 4x

Well is it
Feel the fury style!
East coast, west coast, worldwide!

Never underestimate our strenght
Never underestimate our hearts
Never underestimate our state
Never underestimate us period!
