

# Future, Bye Bye

(Esco and Boomin, they got it on smash)

Freeband Gang  
Some of this astronaut shit  
Yeah, yeah, yeah, yeah

Balmains on my jock, you heard me, yeah-yeah  
I spent 60 on a watch, it call me dada  
I might fuck her on the couch and tell her bye-bye  
I might smash her on the couch and tell her bye-bye  
Balmains on my jock, you heard me, yeah-yeah  
I spent 80 on a watch, it call me dada  
I might smash her on the couch and tell her bye-bye  
I might smash her on the couch and tell her bye-bye

I was cookin' up an ounce until it dry-dry  
I be stackin' up this paper til it dry right  
I can tell she had a toe, she gave me side eye  
Told that bitch to wait no time to give me five-five  
When they give it up this quick, nigga why try?  
Got a girl and made her switch, call 'em bi-bi  
We just turned and made a flick, you need a sho-ot  
Poppin' tags and smokin' kush, that's that la-la  
80 on a watch, boy I don't know why-why  
I made it out the block where niggas die-die  
2000 for some trousers, when I'm fly, I'm fly  
I pour it out the bottle and get sky high

Balmains on my jock, you heard me, yeah-yeah  
I spent 60 on a watch, it call me dada  
I might fuck her on the couch and tell her bye-bye  
I might smash her on the couch and tell her bye-bye

I'mma let you borrow sauce cause I'm a fly guy  
I just fled from the scene in a wide body  
Took my players, took my team, I'mma die about it  
Balmains, depends which ones, they cost a whole thousand  
Really think that she the one? Don't bring that ho around me  
When you see her out in public, she so shy-shy  
When you get her in the bed, she bring that freak out  
Custom made every piece, she call me papa  
She gave me real nasty mouth, Lady Gaga  
She got a real nasty mouth, I won't apologize  
She like hoes and I like hoes, I hit the bull's eye  
I got a rockin' presidential, that ain't no lie

Balmains on my jock, you heard me, yeah-yeah
