

# Future, Different

(Talkin' it and doin' it are different stories)  
(For real, for real)

I blow money on my bitch  
Hey kitty kitty  
Bad bitch, my city  
Ain't bad, it's a dead end  
I fuckin' admit it  
Can't wait to hit it  
Money, I'm gon' get it

I'm so terrific, that's the way I'm livin'  
That's the way you're hearin' it?  
Always be givin'  
Better decision  
Flooded my wrist  
You ain't gon' get missed  
Hit it with a slam dunk  
That pussy clean

When I pop that Perc and fuck that bitch  
Make her go (Yeah, yeah)  
In the sheets, call the hotel lobby  
Tell 'em we need clean sheets  
Knock that pussy out, I kill it  
Tell it rest in peace  
And if it smell like water, fuck it  
I'll kiss it to sleep

I'm the realest, feel like 2pac  
Call me Makaveli  
It really ain't shit 3 broke nigga could tell me  
I'm walkin' around with a chopper, it heavy  
Pop the lil' boy, sound like confetti  
Shot the lil' boy, now he in Heaven  
I only like girls, so my mama don't worry  
She hate on my clothes, 'cause she said I look girly  
And fuckin' these bitches, I know y'all ain't worried  
Don't play that position, you gon' miss your jersey  
She was a good girl, now she turning  
Want a rich nigga? Gotta earn him (Yeah)

Want a rich nigga? Gotta earn  
And I'm straighter than a damn perm  
Want a millionaire? Then wait your turn  
(Yeah)

Talking it and doing it are different stories  
I be doing it, not talking it, that's mandatory  
Countin' up blue faces, watching a lil' Rick and Morty  
Just chillin', I'm still the richest nigga in the buildin'  
New car got stars in the ceiling  
Amiri, my jeans, rip in the denim  
New gun, his head rip when it hit him  
Fuck her, then leave him not sentimental  
Pussy good, I'ma go in raw when I hit nigga  
Go ahead, suck it through the drawers for nigga

And take my body case if I get it  
Walk hard with the Actavis, I'm sippin'  
I still got Molly in my system  
I still got Xanny's on my mental  
It's been a couple years since I quit 'em  
I don't wanna relapse, but I may relapse

That feeling, I miss it  
I mean, Percs are cool, but I think I'm  
Getting sick of 'em

When I pop that Perc and fuck that bitch  
Make her go (Yeah, yeah)  
In the sheets, call the hotel lobby  
Tell 'em we need clean sheets  
Knock that pussy out, I kill it  
Tell it rest in peace  
And if it smell like water, fuck it  
I'll kiss it to sleep
