

# Future, Hate The Real Me

Feel me  
The music special  
It's a part of us  
I know I'm a product of the streets  
I remember days you would laugh with me  
See a frown on your pretty faces  
Yeah

I'm tryna get high as I can  
I'm tryna get high as I can  
I'm tryna get high as I can  
I'm tryna get high as I can  
I'm tryna get high as I can, can, can

Open up a seal, don't feel me  
Showing out in public show the real me  
Pouring up in public, damn, I hate the real me  
My mama stressing out, she say these drugs got me  
And I ain't been the same since that nigga shot me  
Holding on that K, I hope you feel me  
Loading up the cartridge right now, I hate the real me  
Voices in my head, "you the enemy"  
I got a portrait in my head, I built a dynasty  
I gotta focus on this bread, you tryna marry me  
Couple exotic ones in the bed, tryna share me  
Few exotics going out they way, tryna smash me  
She told her mama she tried to smash me  
She told her friends she tried to smash me  
She told her ex she tryna smash me  
She told the world she tryna smash  
I'm in the last lane, fast speed  
I do helluva ways, baby, go to South Beach  
I do helluva ways, baby, let your mouth speak  
I do helluva ways, baby, let your body talk

I'm tryna get high as I can  
I'm tryna get high as I can  
I'm tryna get high as I can  
I'm tryna get high as I can  
I'm tryna get high as I can  
I'm tryna get high as I can, can, can

Lemme tell the world how much I care for you  
I paint a picture, gave a style to you  
I took a chance when you had miles on you  
I should've fucked and blowed some loud on you  
I'm in the cut, I got a crowd on me  
Infatuation turn to love on me  
A sober mind wasn't good for me  
'Cause I love you way more than this music  
That's when shit was brought up and you know I had to lose it  
Damn, I almost lost it  
Said it was cheaper not to keep her and it's killing me  
'Cause damn, I hate the real me  
Damn, I hate the real me  
'Cause damn, I hate the real me

Yeah, yeah  
Zaytiggy  
I'm tryna get high as I can  
I'm tryna get high as I can  
I'm tryna get high as I can  
I'm tryna get high as I can  
I'm tryna get high as I can

I'm tryna get high as I can, can, can  
Damn, I hate the real me  
Damn, I hate the real me  
Few exotics, they tryna share  
Tryna find a true love, you can't compare  
I'm tryna get high as I can  
I'm tryna get fly as I can  
I'm tryna get fly as I can, can, can
