

# Future, I Be U

Thinkin' how you would be thinkin' of feelin' you close  
I'm dreamin' how you would be dreamin' and hoping you over  
I give what you give and I never back out of decisions  
I feel what you feel and I'm hoping and prayin' and willing  
I'm nervous you nervous you drinkin' I'm drinkin' we rockin'  
I'm talkin' you talkin' I'm in it you in it, no stopping  
I'm quiet you quiet we sit here, we looking in silence

I'll be there I'll be there I'll be  
I'll be there I'll be there I'll be  
I'll be you baby I'll be you baby I'll be you  
And I might come do, what you do  
But I'll be I said I'll be there

You workin' I'm workin'  
I get that coffin and kill that pussy in Venice  
Yeah, You sweatin' I'm sweatin'  
We overdoing the mollies, won't let us finish  
Yeah, I need it you need it  
And we both fiendin' I guess that's our agreement  
I'm naked, you naked  
And neither one of us tryna look for a blanket  
Got questions on questions about what answers I know  
Because when we're drinkin'  
Your spirit my spirit illuminates through our bodies  
I feel we whole  
Eye contact exchanging favors, I guess it's better to know me

I'll be there I'll be there I'll be there  
I'll be you baby, I see you baby  
I see you in the morning, I see you in the evening  
I see you in the nighttime when I thought I was creepin'  
I see you baby  
I'll be you baby  
And I was sittin' at home lonely wishing you was here  
Now I'm thinkin' to myself "Why I ain't already leave yet?"  
I see you baby  
I'll be you baby  
I see you in the morning, I see you in the evening  
I see you in the nighttime when I thought I was creepin'  
I see you baby
