O-off beat, o-off beat (Oh, It's Lil Uzi Vert)

And when you look in my eye, you make me delirious, yeah, yeah  
And then I started to fall, that's something serious, yeah  
(Yeah, talk to 'em, talk to 'em, yeah)

You, you-you, you, you, you (Yeah)  
You-you the only one that I'm gonna listen to  
And every part of me is a part of you  
And everything I do-do, do-do, do was because of  
You, you-you, you, you, you  
You-you the only one that I'm gonna listen to (You already know who this is)  
And every part of me is a part of you  
And everything I do-do, do-do, do was because of (Yeah)

You, you-you, you, I'm that cool dude  
Fresher than new shoes, crazy swag, cuckoo  
Big bag, good coupe, got me a new boo  
My whip too new, I can whip two dudes  
Pulled up with my tools, if you a loose screw  
Diamonds on my tooth, I can talk to the jewels  
Money change my mood, keep on winning, no, I can't lose  
I can knock that girl right out of her shoes  
Hit from the back, make that girl say, "Ooh" (Yeah)  
(Woah, it's Lil Uzi Vert)  
She got them clappers, every time I hit it, it's off beat  
I'm a rock star, baby, but I'm really from the streets (Streets)  
You know I'm doing wrong, I thank you just for loving me

When you look in my eye, you make me delirious, yeah, yeah  
And then I started to fall, that's something serious  
And when you look in my eye, you make me delirious, yeah, yeah  
And then I started to fall, that's something serious, yeah, yeah

You, you-you, you, you, you  
You the only one that I'm gonna listen to  
And every part of me is a part of you  
And every time I whipped it again— (Future) was because of

The streets put me on, I'm a savage  
Makin' chess moves, knowin' I'm advancin'  
Come from projects to livin' in mansions  
Dirty dollars, they worser than cancer  
I done seen it, wasn't takin' any chances (I done seen it)  
She'll be stackin' it up and romancin' (Stack it up)  
Tryna please everyone around you  
Causing mayhem, causing madness  
Fallin' hella deep but I ain't crashin'  
Do you represent passion? (You, you, you)  
Feelin' new-new, everlasting  
Living the life I always imagined  
Treat me like Christ in the trenches (Treat me like)  
Treat me like a god, I'm so rebellious  
They lie to me, that's gon' make me so much fuckin' better  
All this Coco Chanel have a bitch cuckoo (Yeah)  
Baby, mean mug, chains on, it's a mill' or two (Chains on me)  
Slurpin' me like noodles (Slurp me)  
Thanks to the new-new  
Snatchin' her a Bentley Coupe (Snatchin' that coupe)

And when you look in my eye, you make me delirious, yeah, yeah  
And then I started to fall, that's something serious (Fall), yeah (Fall, fall)

Every time I fall deeper and deeper  
Because I'm curious  
O-off beat, o-off beat, o-off beat  
O-off beat, o-off beat, o-off beat  
O-off beat, o-off beat, o-off beat
