

# Future, So Cold (Interlude)

Turn up

When I reached in my drugs, I pulled out a big bankroll  
As I scrolled down my contacts, cold as a zombone  
(Hehe go right here)

Cold freezer

Whatchu doing  
Oh, kinda busy  
Whatcha mean "Kinda busy"  
I'm-I'm kinda busy, stop it (Shh)  
Who's that you're talking to  
Nobody, nobody, nobody  
Who that? Future over there or something
