Futureheads, Skip To The End

If I could cheat,
I would skip to the end,
And decide if it's worth going through with,
Skip to the last, paragraph, just before we start,
To see the happy ending, or the broken heart.

If I could cheat,
I would skip to the end,
And decide if it's worth going through with,
Skip to the last, paragraph, just before we start,
To see the happy ending, or the broken heart,
Happy ending, or the broken heart.

(CHORUS)

(Naaa, nanananana) There's nothing to rely on, (Nana)
(Naaa, nanananana) C'mon and skip to the end, (Nana)
(Naaa, nanananana) There's nothing to fall back on, (Nana)
(Naaa, nanananana) C'mon and skip to the end.

When I cut teeth, I cut to the root,
Then the end, is absolute.

When she makes sense, I go through the roof,
Then the end, has living proof.

If I could cheat,
I would skip to the end,
And decide if it's worth going through with it,
Last paragraph, just before we start,
To see the happy ending, or a broken heart,
Happy ending, or a broken heart.

(CHORUS)

(Naaa, nanananana) There's nothing to rely on, (Nana)
(Naaa, nanananana) C'mon and skip to the end, (Nana)
(Naaa, nanananana) There's nothing to fall back on, (Nana)
(Naaa, nanananana) C'mon and skip to the end.

(Naaa, nanananana) There's nothing to rely on, (Nana)
(Naaa, nanananana) C'mon and skip to the end, (Nana)
(Naaa, nanananana) There's nothing to fall back on, (Nana)
(Naaa, nanananana) C'mon and skip to the end.
