

G&G, My My My (ft. Fary Wright & Baby Brown)

I'm so super flat
Ladies look at me
Live like a modern guy
Hit the modern bit
Oooo

All around the world
They call me G&G
G&G on party should be

I live like a superstar
I'm carrying on my art
I shine like star in the sky
Drag and get it all
?

My, my, my
How we addicted to this way
?

(sorry ze słuchu pisałem)
