

# (G)I-DLE ( ) ( ) ( ) ( ) Rollie

Ya, I just wanna kiss and go, I just wanna feel that mood, ya  
Don't you know I'll rock, I'ma hit that brand new diamond  
Rocking like a Scott, do you see my limited Nike  
No fingers without rings like Kobe Bryant  
Spend million dollars and I work it out  
Switch your tie while I swervin' out  
Just weapon high, we gotcha homies down  
It's gonna swervin' out, it's gonna swervin' out  
Sit up and you watch my freakin' crew  
They ain't give a second chance, it's true  
Pull up on your block, hey, you move  
Mommy said I need to check the bank and be twerkin'  
I got rollie, rollie, rollie in my bag  
Hunnit, hunnit, hunnit on my sack  
I just wanna freakin' love with you  
I just wanna rock, I just wanna love with you  
I got rollie, rollie, rollie in my bag  
Hunnit, hunnit, hunnit on my sack  
I just wanna freakin' love with you  
I just wanna rock, I just wanna love with you  
See (see) the light (the light) be fire (be fire) oh, yeah (oh, yeah)  
And now see (see) the light (the light) be fire (be fire) oh, right (oh, right)  
Ya, I always end up as issues  
But I don't give a (shh)  
I make the money with my buddy  
Baby, don't, don't doubt me  
I don't check cheeze, you see my rollie  
Red five diamonds, it'll keep shining bright  
Sit up and you watch my freakin' crew  
They ain't give a second chance, it's true  
Pull up on your block, hey, you move  
Mommy said I need to check the bank and be twerkin'
